

All members

We will host an open meeting for **all** members this Monday, August 31 from 4:00 – 5:00. This is not mandatory. There will be no training or demands made of you. This is for any member who would like to chat and share the first week's experience, good or bad. We welcome suggestions on how we may best support you. (Bring your favorite drink!)

Reps

SLT, FAC, and TLC are important decision-making members. FAC is a one-year term. SLT and Reps are 2-year positions (unless someone steps down). The positions are based on nominations and then a secret ballot. You may use Google Forms to vote if you use the **privacy setting** and don't track email addresses of participants. If you haven't already done so, please hold these elections in the next two weeks

We know how busy you are, but it is essential that we be able to reach everyone as quickly as possible as the COVID-19 situation is in constant flux. It is only when our members we are united that we have the power to guide and influence the outcome of the school changes affecting all of us.

Also, as we have moved online for the foreseeable future, our State and Regional CTA office along with our local SMMCTA will be using Simply Voting to conduct all elections. We may only use your private emails for voting, not your school email. We urge everyone to let us know what their current personal email and phone number is. We will keep your information private, it will only be shared within the CTA database. Please update using this form.

Negotiations

Our current MOU only covers distance learning. Now we are negotiating the effect of layoffs on our CDS members. Moving forward, we will schedule dates so that we may preemptively figure out how to best utilize hybrid or in school learning for when this becomes appropriate.

We also have concerns about cleanliness and the following of health guidelines for our members who work onsite at their schools. Please contact your admin in writing and cc smmctapresident@smmcta.com. All concerns should be done in writing, as it is for work orders and tech problems.
